

An abstract oil painting featuring a central, dark, textured mass that resembles a mountain or a large rock formation. This central element is surrounded by swirling, ethereal clouds or smoke in shades of purple, blue, and white. The foreground is dominated by horizontal, wavy bands of color, including deep blues, purples, and warm oranges, suggesting a body of water or a misty landscape. The overall composition is dynamic and atmospheric, with visible brushstrokes and a rich, layered texture.

## Peace

*Bass: Ben Street*

*Music & Lyrics: Horace Silver*

*Arrangement: Dayna Stephens*

There's a place that I know, where the sycamores grow  
And daffodils have their fun  
Where the cares of the day seem to slowly fade away  
In the glow of the evening sun  
Peace, when the day is done

If I go there real late; let my mind meditate  
On everything to be done  
If I search deep inside; let my conscience be my guide  
Then the answers are sure to come  
Don't have to worry none

When you find peace of mind, leave your worries behind  
Don't say that it can't be done  
With a new point of view, life's true meaning comes to you  
And the freedom you seek is won  
Peace is for everyone

## **Tomorrow's Yesterday**

*Vocals: Rebecka Larsdotter*

*Piano: Shai Maestro*

*Bass: Rick Rosato*

*Drums: Ari Hoenig*

*Music & Lyrics: Rebecka Larsdotter*

Early in the dawning  
I leave without a warning  
I leave them all the people  
I leave them where they're sleeping  
Could be should be would not be who cares another day  
New world forming every morning sends the night away

Coincidence makes sense here  
Chaos can have its way  
Ill even dare to love you  
Here in the break of day  
Free to love and free to care and free to leave them there  
Free to know and free to flow tomorrows yesterday

Day will heal the night with newborn glory  
Words would fail to tell her newfound story

*inst solo*

Day will heal the night with newborn glory  
Words would fail to tell her newfound story

Going about her day now  
People and empty rhyme  
Tells no one of her secret  
Words are a waste of time  
Could be should be would not be who cares another day  
No one knows and all just flows tomorrows yesterday

Free to love and free to care and free to leave them there  
New world forming every morning sends the night away

Day will heal the night with newborn glory  
Words would fail to tell her newfound story

*Piano: Shai Maestro*

*Saxophone: Dayna Stephens*

*Bass: Rick Rosato*

*Drums: Ari Hoenig*

*Music & Lyrics: Rebecka Larsdotter*

You are a child on your own  
Traveling far from your home  
None to carry, none to disown

Indigo light fills your heart  
Falling a leaf set apart  
Angels guide you safe from harm

Indigo ,  
child of no fear,  
cast your shadow light and tears  
Indigo ...  
your sight is clear in the near in the far, wherever you are

Moonlight and stars treat you kind  
cruel haunting dreams fill your mind  
travel on , your journey goes on, and on and on...

Dont let them drift you astray  
remember what taught you to play  
travel on, journey goes on

Indigo,  
child of no fear,  
cast your shadow light and tears  
Indigo ...  
your sight is clear in the near in the far, wherever you are

*Instrumental*

Indigo,  
you're a child of no fear,  
cast your shadow light and tears  
Indigo ...  
your sight is clear in the near in the far, wherever you are

Lately I find myself out gazing at stars  
hearing guitars  
like someone in love  
Lately the things I do astound me  
Mostly whenever you're around me  
Lately I seem to walk as though I had wings  
I bump into things  
like someone in love  
Each time you look at me I'm limp as a glove  
and feeling like someone in love

## Kvar

*Vocals: Rebecka Larsdotter*

*Piano: Shai Maestro*

*Bass: Rick Rosato*

*Drums: Ari Hoenig*

*Music & Lyrics: Rebecka Larsdotter*

Det är mörkt jag vill inte gå  
Det är kallt orkar inte stå  
alla grenar har brutits av, jag står kvar  
Väntar vet inte vad  
Vägrar att vända blad  
Fryst i en saga, jag står

Du smekte solens andetag  
du sa vi skulle, du och jag  
fångad av mörkret nu,  
vill ej , får ej, så jag stannar kvar  
stannar kvar

### *Instrumental*

Du smekte solens andetag  
du sa vi skulle, du och jag  
fångad av mörkret nu,  
vill ej , får ej, så jag stannar kvar  
stannar kvar

Sommarn har fryst till is  
Värmen har slocknat dis  
Gömmer men glömmar inte, finns kvar  
Jag vet inte vart du är  
jag vet inte vart vi bär  
men jag vet att du finns och minns som jag  
Om du hör mej så ge mej svar  
säg åt mej att stanna kvar  
Jag vill inte gå, det är mörkt, vill inte  
vill inte gå det är mörkt , vill inte  
vill inte gå det är mörkt

*Vocals: Rebecka Larsdotter*

*Piano: Aaron Parks*

*Saxophone: Dayna Stephens*

*Bass: Ben Street*

*Drums: Nate Wood*

*Music & Lyrics: Rebecka Larsdotter*

*In remembrance of Zane Musa, most amazing human being and musician, who was able to bless me and so many other musicians during his short time on this Earth. We love you Zane, always and forever.*

Been looking at clouds, been searching in crowds  
been asking the moon why are your gloom  
Why you had to chose, so much was to loose  
a ray of the Sun with so much undone

The wind was your guide , the wind became light  
flew like a feather out of our sight  
no longer the moon can speak of your doom  
no longer the moon can puzzle your gloom

Now all the tears that shine on you will keep you safe from harm  
All the tears of love that rain will wash away your pain  
oh all the tears that rain will wash away your pain

And while you are missed by sun you are kissed  
and while you are mourned by heavens adored  
Diamond shine bright  
feather fly light  
leave your worries behind, let the troubles unwind

Now all the tears that shine on you will keep you safe from harm  
All the tears of love that rain will wash away your pain  
oh all the tears that rain will wash away your pain

Now all the tears that shine on you will keep you safe from harm  
All the tears of love that rain will wash away your pain  
oh all the tears that rain will wash away your pain

The wind was your guide, the wind became light,  
flew like a feather out of our sight  
Feather fly light  
Diamond shine bright  
Leave your worries behind, let the troubles unwind

*Music & Lyrics: Rebecka Larsdotter*

Staring at the sea again, waves break through my clouded brain  
Need some answers , need some time  
need some answers I need some time

Been so far yet gone no where  
lost myself somewhere out there  
waves they go by one by one  
like my questions , one by one  
and then I see, that its all one

Theres a sky above and its full of stars  
turn your eyes to them, cuz they're all stars  
just the way they are , they're shining stars  
so just be who you are, just be who you are

Sky and sea merge into  
peaceful sight the color blue  
waves all know stars will show  
time will come my questions go  
time will come, all my questions go

Theres a sky above and its full of stars  
turn your eyes to them, cuz they're all stars  
just the way they are , they're shining stars  
so just be who you are, just be who you are

Theres a sky above and its full of stars  
turn your eyes to them, cuz they're all stars  
just the way they are , they're shining stars  
so just be who you are, just be who you are

Sky and sea merge into  
peaceful sight the color blue....

Its in the wee little hours of the morning when you are still sleeping the feeling  
comes creepin

The feeling of knowing in five wee small moments Ill be on the street again  
this will be just one more sweet, memory

Will you be my boy?

Girl don't go thinking out load he might hear you

Will you hold me close?

Saved by the bell again pick up my pieces and kiss you good bye saying have a  
good day, maybe Ill see you soon and Im outa the door thinking, why did I , why did  
I go, there again

I think I need a morning after pill (girl you should know you should know)  
just to keep my heart still (girl you should know you should know)  
You should know, not to play with love

I walk down the street hear the chapel bells ring must get coffee or they will  
continue to ring

cuz its all just a dream very soon I will wake, I am happy Im strong I don't need to  
belong to a boy, in a bed, in my head

*Instrumental*

They all talk bout their Sunday love  
While I fly like a freaked out dove , girl you should know you should know,  
not to play with love

Now its ok Im awaiting the day  
the sunlight is telling me you put a spell on me  
Sipping my coffee I know Ill be fine  
Ill forget all about you forget , your, sweet wine  
I know I'll be fine  
I know I'll be fine  
I know I'll be fine

will come if the wind will allow her flight  
will come to make memories new in light

*Instrumental*

She will come if the wind will allow her flight  
will come to make memories new in light  
will come if the wind will allow her flight  
will come to make memories new in light

*Instrumental*

Traveling towards a time and place a love and an embrace  
the sun begins to dawn  
Traveling towards a time and place a love and an embrace  
the sun begins to dawn .....

Too long and too alone  
left the dark to find her home  
heart thats rushed by wind is hushed  
love has never lost her touch

## Hmm

*Vocals: Rebecka Larsdotter*

*Piano: Shai Maestro*

*Bass: Rick Rosato*

*Drums: Ari Hoenig*

*Music & Lyrics: Rebecka Larsdotter*

Meeting strangers making lovers,  
no needing to explain  
Comfort in the fickle  
a comfort in the grey

Snowflakes falling quickly  
not thinking on their way  
simply floating on existence  
till they melt away  
away

Follow the sea it'll lead you to places beyond what you can see  
Follow the wind it'll leave you in spaces where finally you'll be free

Fly to heaven brother  
find your comfort there  
fly to heaven sister  
leave your worries there  
Fly to heaven brother  
find your comfort there  
fly to heaven sister  
leave your worries there

Love may last a lifetime  
life may last a day  
so stop asking questions  
simply slip away  
away

Fly to heaven brother  
find your comfort there  
fly to heaven sister  
leave your worries there  
Fly to heaven brother  
find your comfort there  
fly to heaven sister  
leave your worries there

Fly....  
Fly....  
Fly

This will be my shining hour  
Calm and happy and bright  
In my dreams your face will flower  
Through the darkness of the night  
Like the lights of home before me  
Or an angel watching over me  
This will be my shining hour  
'Til I'm with you again
