Hymns In A Jazz Mood Vol 2

Salmer har alltid fasciner meg. De skaper assosiasjoner, følelser og stemninger. Det er noe med salmer. De har eksistert over lang tid og formidler noe som varer.

Salmer synges oftest i en kirke, men de har et kulturelt og musikkalsk uttrykk som åpner opp og som inviterer meg til å jobbe med dem. Jeg vil gi salmene nytt liv. Gjennom nye harmoniseringer, rytmik og framført med mine fremragende jazzmusikkolleger, kan salmene skinne på nytt og snakke et språk som forhåpentligvis mange forstår og liker.

Hymns have always fascinated me. They create associations, feelings and moods. There is something special about them. They have been around for a long time and still endure.

Hymns are most often sung in church, but they have a cultural and musical expression that opens up and invites me to work with them. I hope to give them new life. Through new harmonizations and rhythms, and performed by my outstanding jazz music colleagues, the hymns can shine again and speak a language that hopefully many people understand and like.
